2015 COMPREHENSIVE PERMANENT IMPROVEMENT PLAN (CPIP): NARRATIVE SUMMARY OF THE FIVE-YEAR PLAN

Page 1

1. What is the condition and adequacy of your existing facilities? Demand trends? What is the total amount of your agency's maintenance needs?

Most of the DMV locations are acceptable to perform the Agency's Mission; however, seven locations currently need renovations: Orangeburg, Florence, Mount Pleasant, Bluffton, North Myrtle Beach, Ladson, Charleston Leeds Avenue.

DMV is trying to move towards a larger online presence that will allow most of the transactions to be performed online thus lowering the need to come into a location; however, during the next few years, DMV will hit the first 10 yr DL renewal mark, increasing the need to come into a field office location.

Most of DMV's maintenance needs are handled internally. DMV is a non-appropriated State Agency and therefore, we must set aside cash for both MRO costs and Capital Improvements.

2. What is your approach to maintaining existing facilities in acceptable condition? How are maintenance needs addressed? If your agency has an account dedicated to maintenance needs what is the name of that account and what is its uncommitted balance?

DMV currently has an in-house maintenance staff who maintain our buildings and perform small projects on our Field Office locations statewide. DMV has a budget set aside for MRO of all the DMV offices of 1.8M that funds everything from the maintenance staff to the utilities, custodial and grounds contracts.

3. What are your facility replacement and addition needs?

DMV has Seven locations that we are looking to renovate, see item 1 above. (In addition to the seven above, we have already obtained approval to renovate the Anderson DMV Field Office.)

Other than the seven locations above, DMV is reviewing and right-sizing our needs for the remaining offices based on our online presence and future trends.

4. What is the theme of your five-year CPIP? How does it address these questions?

DMV is currently working to ensure all of our DMV Offices are ADA Compliant. Most of the work will be done by our in-house staff but some locations will require outside contractors. During the process of renovating Anderson, Orangeburg and Florence, we will bring those offices up to current ADA Standards. Most of our focus will be the "under 100,000 dollar projects" for the next three to five years.
